General Bathroom Checklist

There are so many aspects to consider before planning to renovate your bathroom. Here is a checklist of items that should be considered.

Have you established a budget and a timeline?

Who will be using this bathroom?

Is (are) this (these) member(s) left handed or right handed? And what is (are) their height(s)?

How many family members will use the bathroom at one time?

Do you prefer to separate showering and bathing areas? Do you require both a showering and bathing area?

Does any member of the family have physical limitations?

Cabinetry:
